

Massachusetts Workplace Injury Lawyers Unveil New Website

The Boston law firm of Kantrovitz & Associates, P.C., has launched an eye-catching website that provides comprehensive information for injured and ill Massachusetts workers.

Boston, MA ([PRWEB](#)) October 18, 2011 -- Massachusetts workers who have become injured or ill on the job can now turn to a new website from the [Boston law firm](#) of Kantrovitz & Associates, P.C., to learn about their legal rights and options.

The firm's [Massachusetts workplace injury lawyers](#) recently unveiled the site, www.kantrovitzlaw.com, which features an attractive design that allows visitors to easily navigate through the firm's comprehensive collection of legal and community information.

"If you suffer a serious injury at work or have a job-related illness, your first step is to get information about what you can do to protect your rights and interests," said the firm's founder, Steven H. Kantrovitz, who has more than 20 years of experience in handling workers' compensation, personal injury, Social Security and accidental disability retirement claims.

"We believe our new website helps injured and ill workers throughout Massachusetts to take that first step," Kantrovitz says. "However, the next step is even more important. You have to act on what you learn by contacting an attorney with the skill and experience to help you."

The centerpiece of the website is a section entitled, "[Workers' Compensation A-Z](#)." The section provides a thorough overview of Massachusetts workers' compensation law, including the types of benefits that are available and common mistakes that people make when filing a workers' compensation claim. It also answers frequently asked questions.

Additionally, the site offers visitors sections on:

- **Your Health & Recovery** – A close look at common workplace injuries and illnesses and how the Massachusetts' workers' compensation system can help workers receive paid medical treatment and compensation if they are fully or partially incapacitated.
- **Dangers in the Workplace** – A review of common hazards that workers face every day that can lead to serious and, in some instances, fatal accidents.
- **Legal Concerns & Advocacy** – An explanation of how injured or ill workers can focus on their recovery while a skilled, experienced and aggressive Massachusetts attorney takes care of their legal issues.
- **Contact Us** – The site has an easy-to-use contact form that can be submitted online to request a free consultation with the firm's workplace injury attorneys.

In addition to these features, the site provides visitors with important background information about Kantrovitz & Associates, P.C., including profiles of its Massachusetts attorneys and a description of its approach to providing friendly and professional service to its clients.

“We hope our website’s visitors will learn how the Massachusetts’ workers’ compensation system is designed to help injured and ill workers receive paid medical treatment and compensation for their lost wages in addition to other benefits,” Kantrovitz said.

“We also hope they understand that it’s crucial to have experienced legal assistance to help you pursue your claim,” he said. “A qualified Massachusetts workplace injury attorney can help steer your claim through what can be a complex process and can also take on employers’ insurance companies in order to make sure you get the compensation you deserve.”
